**Lessons Learned after three trimesters of 2:42 Life Groups:**

1. Identify an administrative disciple-maker to lead the effort.

2. Groups should be together longer than 10-12 weeks.

3. For us, we need to take a break from life groups during the summer.

4. Have a clearly defined curriculum list for leaders to consider if they want to do something other than the general study.

5. Provide opportunities for members of life groups to share what God is doing in their hearts through testimonies.

6. Emphasize expectations of being involved in life groups in your membership class.
